

As this leaflet is going to all households in Hundon, I take it that you can all recognise the picture at the top as the Rose and Crown pub in North Street. I say this because, of the 2,000 people of drinking age in Hundon, only 50-100 of you are familiar with the inside of this establishment.

To me, the corner stones of village life are the people, the village store, the school and the “Local”. It is these corner stones which also ensure that the value of each and every one of our properties reflects the “desirable” nature of Hundon as a place to live.

We have seen successful lobbying to ensure our village store and school are maintained for the foreseeable future and I would like your help in ensuring our pub is also kept as a village amenity

Firstly I am not going to ask you for money or a donation or to take part in a march on Greene King Headquarters but merely that the next time you fancy a pint, a bite to eat or a chat to fellow Hundonians or that you need a place to meet friends or colleagues or a place to hold a celebration or a myriad of other reasons, that you think about doing it in the Rose and Crown.

The present incumbents, Helen and Iain Ballantyne, have been in the R&C for 4 years on July 9 and are holding a bit-of-a-do in the pub to celebrate – why not come along to see what you are missing.

The pub can cater for parties for children and adults, inside and outside, meetings, presentations, dining for up to 50 people and of course a wide range of beverages both alcoholic and non-alcoholic.

On the reverse of this pamphlet are the upcoming attractions that the R&C are putting on for your benefit and there must be at least one of these that attract you. There is also a list of the facilities and amenities available, either catered or not, that you can book.

So the next time you get that “feeling”, come to the Rose and Crown I’m sure Helen and Iain will sort you out.
